**In re Application of: Fujisaki**

***Examination of Application #10/065,923***

1. Claims 50-67 of application 10/065,923, filed on 30-November-2002, are pending in the application. Claims 1-49 are cancelled. The Examiner thanks Applicant for the amendments to the specification and the claims, presents the following rejections for consideration. The Examiner further encourages Applicant to contact the Examiner for additional clarification.

***Claim Rejections under 35 U.S.C. § 112, 2nd Paragraph***

2. Claims 50-52, 56, 61 and 66 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In regard to claims 50-52, the phrase "displayed on or near" is determined to be vague. The Examiner posits that the wrinkles are not specifically displayed on a computer monitor, and, in view of the drawings showing the display of the wrinkles, it is not clear as to what "on or near" is meant to describe.

In regard to claims 56, 61 and 66, the phrase "wherein said 3<sup>rd</sup> value indicates approximately 180 degrees" is vague and indefinite.

***Claim Objections***

3. Claims 53-55, 57-60, 62-65, and 67 are objected to as being dependent upon a rejected base claim.

In re Application of: Fujisaki

***Allowed Claims***

4. Claims 50-67 are deemed allowable over the prior art of record at this time, pending resolution of any rejections noted above.
